Other Items:

- 294/494 Topics courses can be deleted, but they will no longer be included in the list of courses departments are asked to maintain. The question remains if these courses are still relevant to departments' larger goals, especially as they are treated the same as 299/499 courses in the PCAH.
- The Committee encourages departments not to hold onto courses they do not plan to schedule, instead deleting them. We have begun the process of contacting departments to review courses not scheduled in the last six years.
- The Committee will maintain and develop intentional strategies to welcome and train new members, to conduct direct outreach to new faculty, and to institutionalize Flex activities and college-wide PD opportunities.
