Call to Order – Joe Gilman, Faculty Chair, called the meeting to order at 3:02 p.m.

Approval of minutes – minutes from October 31, 2018 approved

<u>Recording of Votes:</u> Unless otherwise noted, voting on motions was unanimous and those present for the vote are listed above.

Course Proposals – remain at 1st reading

Marketing Certificate PPC developer survey

There are two parts of the survey that the committee would like to have completed. Assuming that this is a CTE program, discussion with the developer's advisory committee was recommended. Also, LMI data request through Strong Workforce would be important to collect. If the LMI data supports the development of this certificate, which would be a positive indication that the certificate would be valuable to students as there would be employment opportunities. The chair recommended that the developer may request LMI data from Frank Kobayashi. Then we will bring it back through and we can continue the process.

Course Proposals – moved to 2nd reading

Discussion Item

Resource Panel on First Year Experience for Student Success Council;

The First Year Experience for Student Success Council has identified that a faculty member representing the Curriculum Committee would provide a valuable perspective to this work and are seeking our recommendation (in consultation with the Academic Senate President). The committee needed clarification as to exactly what expertise a curriculum representative might bring. Kate Jaques and Joe Rust are already on the resource panel. No curriculum committee members offered to join the panel. Joe Rust offered that he may be able to represent the curriculum committee on the panel and find another counselor to fulfill that role. The chair will respond to the council and Joe Rust will research the availability of a counselor for the committee.
