

User Guidelines Distance Education

The ARC Research office maintains the reports found in this PDF document as a hard copy workbook from which enrollment and student performance data elements are selected for use in evaluating distance education. This document is 2 pages long, and can be printed out.

The following are listed as Primary Bookmarks

1. Enrollments over Five Academic Years by Enrollment Category
2. Enrollments over Five Academic Years by Enrollment Category
3. Demographic Breakouts by Enrollment Category
4. Student Enrollments for 15 Terms by Enrollment Category
5. Demographic Breakouts for 15 Terms
6. Success Rates over Five Academic Years by Enrollment Category
7. Success Rates for Demography by Enrollment Category
8. Online and Classroom Course Enrollment Comparisons for Five Academic Years
9. Online and Classroom Course Enrollments Comparisons for 15 Terms
10. Online and Classroom Course Success Rate Comparison over Five Years
11. Online and Classroom Course Success Rate Comparisons over Five Individual Academic Years

Note:

Most Bookmarks have subcategories as indicated by a “+” next to it. Click the plus sign to open the subcategories. The first major student category compares online student categories shown below. The second subcategory is breakouts by Area to allow same course comparisons when offered in online and classroom based formats.

Online Categories

1	All Online Students	All students who have enrolled in one or more online courses
2	Online Students Also Enrolled in Classroom	All students who have enrolled in one or more online courses and also were enrolled in one or more classroom based courses.
3	Online Only Students	All students who enrolled only in online courses.
4	Classroom Enrollments for Online Students	All classroom based enrollments for students who enrolled in one or more online course.
5	Classroom Only Students	All students who had only enrolled in classroom based courses.

The comparison of Online and Classroom compares the enrollments and success rates for the same courses when offered in both modalities. Each course section is broken out by Area, and to locate a specific course, select the Area and page down to the discipline in which the courses are offered. Courses are order alphabetically and by number.

Navigating through Reports: Select the bookmark icon at left of the PDF document page (second icon from top) to view all the categories of reports. To move to any report listed, left click the bookmark with the mouse. Then click on the document and use the page up or down keys or the mouse on the right hand scroll bar to navigate through the document. You can resize the document window to

change the size of the reports by increasing or decreasing the PDF document window size. You can quickly find a specific demographic by selecting Ctrl + f (Find) and enter the demographic in the space allocated in the Find menu bar such as ETHNICITY.

Printing: Each individual enrollment section can be printed by specifying the page range, or by right clicking the desired bookmark and select the “print page(s)”. Only the selected bookmark section will be printed. *Caution: Because of the large size of some of the reports, use caution in printing the sections indicated by the page marks.* The total number of pages in the overall PDF document is listed in the menu bar, and represents all the workbook data elements that are normally maintained in the ARC Research Office.

For additional support: ARC Research Office: Jim Barr (8846), Cathie Browning (8679)
